

Oil firms face DOJ probe for overpricing

By Warren Stevenson
and Amy E. Ross

THE U.S. DEPARTMENT OF JUSTICE has announced that it is investigating the oil companies for alleged overpricing in the petroleum market.

The case stems from a report of overpricing by the U.S. Energy Information Administration.

Probers ask: Where's the 4th Alabang Boy?

By Sonoma Benavides

WHY SHOULD a community like Alabang be the only place in the country that has a 4th boy?

It's a question that has been asked by many in the community. The answer is simple: because the 4th boy is still missing.

The 4th boy is a 14-year-old boy who was last seen in 1997. He was last seen in the Alabang area.

1991). The authors found that the more market power firms possess is an increasingly direct reflection of the size of market in which they compete.

Further, as has been noted, the de jure approach to human rights is not as straightforward as it might seem. Rights theorists are divided, for example, on whether rights are best understood as freedom from state interference or freedom to participate in social goods. Similarly, there are disagreements as to whether rights are best understood as individual or as collective.

【分析】(1) 由题知, 该函数为二次函数, 且开口向上, 故 $a > 0$, 又由函数图象知, 该函数与 x 轴有两个交点, 故 $\Delta > 0$, 由此可求得 a 的取值范围.

Detailed description of Figure 1: The graph plots the percentage of total protein in the supernatant fraction (y-axis) against the percentage of total protein in the pellet fraction (x-axis). A diagonal line from (0,100) to (100,0) represents the theoretical distribution. Data points for various proteins are plotted: BSA (open circle), IgG (open square), PVP (open triangle), and various enzymes (filled symbols). BSA and IgG are near the top left, while enzymes like amylase and lipase are near the bottom right.

Protein	Pellet Fraction (%)	Supernatant Fraction (%)
BSA	~5	~95
IgG	~10	~90
PVP	~15	~85
Enzymes (various)	~80-100	~0-20

The diagram illustrates the experimental setup. A subject is seated at a table, looking at a video screen. A video camera is positioned above the screen. A target is placed on the table. A horizontal arrow indicates the direction of movement from the starting point to the target. A vertical arrow indicates the direction of movement from the starting point to the video screen. A horizontal arrow indicates the direction of movement from the video screen to the target. A vertical arrow indicates the direction of movement from the video screen to the video camera.

World Bank officials enjoy immunity

By David S. Reardon

Washington

THE WORLD BANK'S immunity from suit is a double-edged sword. It is a shield that protects the bank from the wrath of angry citizens in the Third World who are angry at the bank's policies. But it is also a sword that cuts both ways. It is a sword that cuts the bank from the wrath of angry citizens in the First World who are angry at the bank's policies.

WE CELEBRATE OUR VICTORY!!!

The Coop-NATCCO Party List and the NATCCO NETWORK together with the entire cooperative sector celebrate the enactment into law of the Philippine Cooperative Code of 2008. We are pleased that the long fight for the new Code is over, and we await with anticipation the Code's implementation.

Coop-NATCCO and the NATCCO NETWORK would like to thank Her Excellency, President Gloria Macapagal-Arroyo, for signing into law R. A. 9521, the Philippine Cooperative Code of 2008, on February 7, 2009. We applaud and congratulate the Senate and the House of Representatives for their commitment to cooperatives development and the early passage of the Philippine Cooperative Code of 2008 in the 14th Congress. The Committee on Cooperatives Development of the Senate and the House of Representatives deserve special mention for their laudable recommendation and swift action on the proposed Code. We commend the major sponsors of the Coop Code 2008 Act, Senator Juan Miguel F. Zubizar, and the late Coop-NATCCO Representative, Justino P. Cua, for ensuring wide support to the Act in both Houses of Congress. Coop-NATCCO, the NATCCO Network, and the cooperative sector are especially grateful to Rep. Cua, who worked tirelessly for the passage of the new Code, even as his health was already failing. The Philippine Cooperative Code of 2008 is the enduring legacy of Rep. Cua to the country's cooperative movement.

[A collection of numerous handwritten signatures and initials, mostly in cursive, arranged in a grid-like fashion across the bottom half of the page. Some signatures are more legible than others, but most are stylized and difficult to read. The signatures appear to be from various members of the Coop-NATCCO Party List and the NATCCO NETWORK.]

WHILE IT MIGHT BE a little early to say that the new year is off to a good start, it's not too early to say that the new year is off to a good start.

For the past year, the new year has been a little early to say that the new year is off to a good start.
